

Recycled Sculpture

Creating Art at Home with Children

Materials Needed

- Tape (cellophane or masking)
- Recycled materials (plastic containers, soda bottles, toilet paper tubes, coffee cup lids, bottle caps, straws, metal cans, etc.)
- Twist ties
- Colored papers
- Leftover household things like screws, buttons, ribbon, etc, that are safe for children
- Scissors
- Glue

Instructions

- Tape together the recycled materials to create imaginative sculptures, vehicles, cities of the future, robots, or whatever you imagine.
- Feel free to use scissors to cut plastic or cardboard things into different shapes.
- Use twist ties for wire.
- Add leftover household things and cut-out shapes from leftover plastic, cardboard, or construction paper.
