

FREQUENTLY ASKED QUESTIONS

Will the exhibition be online?

No, the jurying process is the only part we're moving online this year. The exhibition of the selected artworks will be on view in FAM's galleries from June 26–September 5, 2021.

Do I need to pay the registration fee twice in order to submit 2 artworks?

No, the registration fee covers up to 2 artworks, so you only need to pay once.

Do I also need to buy a membership to submit?

No, the \$30 registration fee this year includes a year-long FAM individual membership and covers the submission of up to 2 artworks.

Do I have to submit 2 artworks?

No, you may submit only 1 artwork if you prefer.

Does a diptych count as 2 artworks?

No, a piece may have any number of components and count as a single work, if that is the artistic intention. Please just indicate the nature of the work in your submission materials and upload images that make it clear.

Is there a size limit on artwork?

No, there are no size limitations on works of art. However, you must be able to transport it to and from the museum yourself, and you may be required to assist with installation.

What types of artistic media are acceptable?

All of them! No matter the medium, we only require that works be installation ready. The museum will provide basic installation materials like pedestals for sculpture, but your work should otherwise come ready to present (including having hanging hardware already installed on the back of your work, if applicable).

If you think your work will require special installation needs, please email regionalshow@fitchburgartmuseum.org

How should I present my artwork in images?

The most important thing is to submit images that show off your work in the best way possible. Take high resolution images of your work so the juror can zoom in and appreciate the details. If you are submitting a sculpture or work that needs to be seen

from multiple angles, you may submit one “alternate view” image to give a sense of the full piece.

If you have questions or concerns about your images, please email regionalshow@fitchburgartmuseum.org

Will I receive a confirmation of registration and artwork submission?

Yes, you will receive an email confirmation of your registration payment that will include the link to the Google Form where you will submit your artwork. After you submit the Google Form, you will also receive a confirmation email with a copy of the form you submitted.

What if I didn't receive the Google Form link to submit my artwork?

Please forward your payment confirmation to regionalshow@fitchburgartmuseum.org and you will be provided with the Google Form link.

Should I submit my artwork early, before the May 24 deadline?

The main benefit to submitting your artwork early is having more available options for drop-off times. Each 20-minute drop-off session is limited to 10 people, so the longer you wait to submit, the more the sessions will fill up and close.

When will I know if my work was selected for the exhibition?

The juror's selections will be announced on June 7, 2021 by 5pm. The list will be posted on FAM's *Regional Exhibition* webpage.

What if my work is selected by the juror, but I'm not available during the drop off or pick up dates?

If your work is selected for the exhibition, and you are unavailable June 12–15 and/or September 10–12, you may find a representative to drop off and/or pick up your work. Email the name and phone number of the representative ahead of time to regionalshow@fitchburgartmuseum.org

Will there be an opening party?

There will be no formal opening party on June 26, though we encourage everyone to still come and see the show on opening weekend! We are hoping to have a small celebration for artists and their guests later in the summer before the show closes. Virtual programming opportunities for artists are also in the works. More details to come.

Will my work be for sale?

Yes, works will be for sale in the exhibition at the price named by the artist. FAM takes 30% of all sales. You may also choose not to sell your work by entering “NFS” in the Google Form.
